PAYROLL BULLETIN
(6-73)

TO: All State Agencies and Departments
Attention: Payroll Clerks

SUBJECT: FICA reporting under Social Security Administration

The State Employees Retirement System has filed the Social Security FICA report for the first quarter of 1973. Individual agency listings of the FICA report accompany this bulletin.

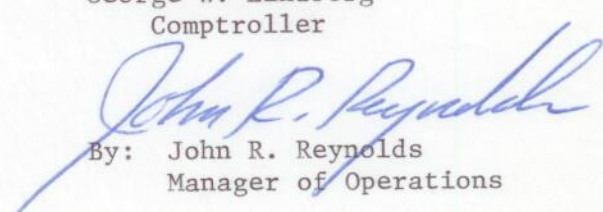

The listings identify each employee, employee I.D. number, social security number, payroll code number, gross taxable FICA wages paid and reported, FICA tax computed on these wages at the rate of 5.85%, FICA tax collected from each individual employee, and the difference between the tax as computed and the actual tax collected.

Please adjust your payroll vouchers as soon as possible for any difference of \$1.00 or more between tax computed and tax collected per employee.

Any questions concerning the above should be referred to Dennis Kelly at 525-4758.

Very truly yours,

George W. Lindberg
Comptroller
